## CASE STUDY

**2003 ABC Award of Honor**

Design-Build remodeling of existing daytime homeless shelter.

### PROJECT SPECIFICATIONS

- 5,000 total square feet
- Durable materials including epoxy floor coverings and heavy-duty carpet
- New receiving area and recreate traffic flow
- Complete project – 8 months

### UNIQUE CHALLENGES

Challenges included using cost-effective durable materials that were easy to maintain while completely expanding and remodeling entire facility in two phases, keeping one side open at all times. Remodeling included expanding restrooms, shower rooms, locker rooms, kitchens, eating areas, offices, and receiving areas.

### CLIENT SATISFACTION

"Thank you for your efforts on our successful renovation and your support of our 15<sup>th</sup> anniversary open house!"
