NEW BARREL ROOFED ENTRANCE

New drive through at front entrance

SEATING FOR 1,500

Baptistery, sunken band stage, and two rear projection screens in front of sanctuary

A FULL SANCTUARY

CASE STUDY

Project consisted of converting a Kroger Grocery Store into a new church facility. A new entrance and sanctuary were created to house a 1,500 seat sanctuary, offices, classrooms, an entire children's wing, and large foyer.

PROJECT SPECIFICATIONS

- 43,428 total square feet
- Worship seating for 1,500 and media center
- Café in barreled ceiling narthex
- Children's worship center with high security
- Complete project – 10 months

UNIQUE CHALLENGES

Removed roof to inset pre-engineered metal structure for sanctuary height. Entire facility was wired for high-tech use. Worship Center was acoustically designed for television recording. Office wing minimizes facility use during day.

CLIENT SATISFACTION

"The people at Bon Builders were excellent to work with in all areas. They are knowledgeable and professional in the construction industry...provided alternative solutions and cost saving ideas without reducing the quality or integrity of our building.

Eric F. Seiter
Finance Director, Living Word Church
