WEST COUNTY INDUSTRIES
MOSIER PARKWAY, BROOKVILLE, OHIO 45309

CASE STUDY

Large warehouse that was on a very tight design-build time schedule. From inception to completion (including design) was 6 months. Bon Builders was able to fast-track this project and once steel was on site, the superstructure was erected in less than 10 days.

PROJECT SPECIFICATIONS

- 125,000 total square feet
- Warehouse with 5 truck docks and two ground level docks
- Complete project – 6 months

UNIQUE CHALLENGES

Time was the biggest challenge: to design, obtain permits, and build to meet end-users demands. We were able to keep ahead of the schedule and even use spare siding to temporarily close one wall while manufacturer was catching up providing finished siding.

CLIENT SATISFACTION

"Bon Builders was responsive to our needs and the project was completed faster than we had expected. Bon was extremely supportive in the entire process."
